**DETAILED ACTION**

***Allowable Subject Matter***

1. Applicant's arguments in the Response filed 10/26/06 (page 7, line 5 - page 8, line 5) with respect to claims 1-20 have been fully considered and are persuasive. The rejection of claims 1 & 20 under 35 USC §102, the rejection of claims 16 & 18-19 under 35 USC §103, and the objection to claims 2-15 have been withdrawn. The objection to claim 17 has been obviated by its cancellation.

***Drawings***

2. New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because the outstanding drawings are clearly informal. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.
